Sabaf Group will participate at the prestigious **China Import and Export Fair in Guangzhou, China, from 15th to 19th October 2019**. The Group will take this opportunity to present various product innovations, both for the domestic and professional sectors, including a **new multi-position faucet** with pre-defined capacities and a **Double Crown burner** that can house a sensor with different possible functions such as the presence of the pot or the temperature of the pot itself.

Besides, **ARC** (manufacturer of gas components for professional cooking and part of Sabaf Group starting from June 2016) will participate at **Host Milan (from 18th to 22nd October)**, presenting a complete range of new burners that will expand the offer already in the catalog. ARC supplies the main manufacturers of gas appliances and professional catering equipments with a complete range of burners (powers from 1.0 to 50.0 KW) and other related products, in Europe and worldwide. The **Sabaf Group** currently employs over 1,000 employees and is active with: **Sabaf S.p.A.**, the parent company (producer of taps, thermostats and burners for domestic gas cooking appliances and with the subsidiaries **Sabaf do Brasil**, **Sabaf Turkey** and **Sabaf China**, active in the production of domestic burners); **A.R.C.** (burners for professional cooking); **Faringosi Hinges** and **CMI** (production of hinges for ovens, washing machines and dishwashers); and **Okida**, operating in the field of electronic components for household appliances.
