Founded in the early 1950s, SABAF has grown consistently over the years to become the key manufacturer in Italy - and one of the leading in the world - of components for kitchens and domestic gas cooking appliances.
Its product offering features four main lines: valves, thermostats and burners for gas cooking appliances, and hinges for ovens, washing-machines and dishwashers.
Unparalleled technological expertise, manufacturing flexibility, and the ability to offer a vast range of components - tailor-made to meet the requirements of individual manufacturers of cookers and built-in hobs and ovens and in line with the specific characteristics of its core markets - are Sabaf's key strengths in a sector featuring major specialisation, constantly evolving demand and an ever-increasing orientation towards products assuring total reliability and safety.
The Sabaf Group has some 700 employees. It operates via the direct parent company Sabaf SpA and the subsidiaries Faringosi-Hinges - leader in the production of oven and dishwasher hinges - and Sabaf do Brasil - active in production of burners for the Latin American market. Sabaf is also present in the People's Republic of China via a contact office located in Shanghai.
