Press release

Ospitaletto, 2 August 2012

SABAF: FIRST-HALF 2012 RESULTS APPROVED

- In the first half of 2012, Sabaf booked revenue of €69.7 million (-10%); EBITDA of €11.4 million (-30.8%); EBIT of €4.9 million (-52.2%); net profit of €2.5 million (-61.3%)
- In the second quarter, revenue was €32.4 million (-13%); EBITDA €4.9 million (-31.5%); EBIT €1.6 million (-58.8%); net profit €0.8 million (-70.1%)
- For the whole of 2012, Sabaf forecasts sales of €135 million (-10% versus 2011) and an EBIT margin in line with that of the first half

The Board of Directors of Sabaf S.p.A. met today in Ospitaletto to approve the interim report at 30 June 2012.

First-half 2012 consolidated results

The Sabaf Group reported revenue of €69.7 million in the first half of 2012, a decrease of 10% versus the figure of €77.5 million in the corresponding period the previous year.

The results of the period were heavily affected by weak European demand for cooking appliances: overall sales in the three areas, Italy, Western Europe and Eastern Europe, came in at \leq 46.1 million, 19.5% lower than the \leq 57.3 million in the first half of 2011. The positive results achieved on markets outside Europe (sales at \leq 23.6 million in the first half of 2012, an increase of 17% compared with \leq 20.2 million in the first half of 2011) only partly offset the fall registered in Europe.

Weak demand in Europe made the competitive environment even tougher: average sale prices were down by around 2% versus the first half of 2011.

A breakdown of sales by product category shows a sharp decline in brass valves, while sales of light alloy valves remained broadly stable. Sales of special burners and hinges, products mainly destined for the European market, also fell sharply.

In the first six months of 2012, EBITDA came in at \leqslant 11.4 million (16.3% of sales, down by 30.8% on the same period in 2011); EBIT was \leqslant 4.9 million (or 7% of sales, down 52.2% compared with \leqslant 10.3 million in the first half of 2011). As well as lower sales prices, profitability was affected by low levels of activity and the consequent higher impact of fixed and structural costs. Furthermore, during the first half of the year, around \leqslant 1 million was allocated to the doubtful account provision to cover the receivable collection risk. Pre-tax profit amounted to \leqslant 4.1 million in the first half of 2012 (\leqslant 9.7 million in H1 2011), and net profit was \leqslant 2.5 million (\leqslant 6.4 million in H1 2011, down by 61.3%).

As of 30 June 2012, the Group had consolidated shareholders' equity of €116.7 million and net debt of €22.9 million, compared with €121.8 million and €14.8 million respectively at 31 December 2011.

Investments in the first half of 2012 totalled €7.4 million (€7.6 million in H1 2011), and included the construction of the new facility in Manisa (Turkey) and related plant and equipment.

Consolidated results for the second quarter 2012

In the second quarter of 2012, sales revenues totalled €32.4 million, a 13% decrease vs. the second quarter of 2011. Demand weakened further in the second quarter, particularly on the Italian market.

Second-quarter EBITDA was €4.9 million, equivalent to 15.1% of sales (-31.5% versus €7.1 million in 2Q 2011, when it was 19.1% of sales), and EBIT was €1.6 million, equivalent to 5.1% of sales, after credit risk provisions of €0.6 million (-58.8% versus €4 million in 2Q 2011, when it was 10.8% of sales). Net profit for the period was €0.8 million, 70.1% lower than the figure of €2.6 million for 2Q 2011.

Outlook for 2012

Given the difficult macroeconomic situation in Europe, we believe that the household appliance market will remain negative in the second half of the year. In light of the actual sales figures for the first half and the ongoing uncertainty in demand, the management forecasts sales of €135 million for the full year, 10% lower than in 2011 (previous forecasts pointed to a drop of 5%). Against this backdrop, the EBIT margin for FY2012 is seen in line with that of the first half.

These hypotheses assume a macroeconomic scenario not affected by unpredictable events. If the economic situation were to change significantly, actual figures might diverge from forecasts.

The results will be announced to the financial community at 3.00 p.m. CET today, 2 August 2012, during a conference call (call +39 (0)2 805 08 11 a few minutes before the conference is due to start).

The Interim report at 30 June 2012 will be made available to the public at the company's registered headquarters and Borsa Italiana SpA, as from 3 August 2012. It will also be published on the company's website (www.sabaf.it) the same day.

Pursuant to Article 154-bis, paragraph 2 of the Italian Consolidated Finance Act (Testo Unico della Finanza), the company's Financial Reporting Officer Gianluca Beschi declares that the financial disclosure contained in this press release corresponds to the company's records, books and accounting entries.

Founded in the early 1950s, SABAF has grown consistently over the years to become the key manufacturer in Italy – and one of the leading in the world – of components for kitchens and domestic gas cooking appliances.

The product range features four main categories: valves, thermostats and burners for gas and hinges for ovens, washing machines and dishwashers.

Unparalleled technological expertise, manufacturing flexibility, and the ability to offer a vast range of components - tailor-made to meet the requirements of individual manufacturers of cookers and built-in hobs and ovens and in line with the specific characteristics of its core markets - are Sabat's key strengths in a sector featuring major specialisation, constantly evolving demand and an ever-increasing orientation towards products assuring total reliability and safety.

The Sabaf Group has some 700 employees. It operates through its direct parent company Sabaf SpA and the subsidiaries Faringosi-Hinges – leader in the production of oven and dishwasher hinges – and Sabaf do Brasil – active in production of burners for the South American market.

, Sabaf is also present through subsidiaries in the People's Republic of China, Mexico and the United States.
